**CC Docket No. 99-200**

Cellco Partnership d/b/a Verizon Wireless and certain of its subsidiaries (“Verizon Wireless”) and AT&T Inc. and certain of its future subsidiaries (“AT&T”) (collectively, the “Applicants”) have filed a series of applications pursuant to Sections 214 and 310(d) of the Communications Act of 1934, as amended.<sup>1</sup> In these applications, the Applicants seek Commission approval of the assignment or transfer of control of licenses and authorizations from AT&T to Verizon Wireless, and request a declaratory ruling on foreign ownership.<sup>2</sup>

In connection with the Commission’s review of the applications, the Commission intends to examine information contained in the Numbering Resource Utilization and Forecast (“NRUF”) reports filed by wireless telecommunications carriers<sup>3</sup> and disaggregated, carrier-specific local number portability (“LNP”) data related to wireless telecommunications carriers. These data may assist the Commission in assessing the competitive effects of the transaction. Accordingly, subject to the provisions of a protective order (“NRUF Protective Order”) being adopted this day, the Commission intends to place into the record in this proceeding: (1) NRUF reports for all wireless telecommunications carriers concerning data as of December 31, 2006, June 30, 2007, December 31, 2007, June 30, 2008, December 31, 2008, and June 30, 2009, and (2) wireless-to-wireless LNP data for all wireless telecommunications carriers from the December 2006, June 2007, December 2007, June 2008, December 2008, and June 2009 LNP databases that the Commission receives from NeuStar, Inc.

<sup>1</sup> 47 U.S.C. §§ 214, 310(d).

<sup>2</sup> See Cellco Partnership d/b/a Verizon Wireless and AT&T Inc. Seek FCC Consent To Assign or Transfer Control of Licenses and Authorizations and Request a Declaratory Ruling on Foreign Ownership, WT Docket No. 09-121, *Public Notice*, 24 FCC Rcd 11314 (2009).

<sup>3</sup> See 47 C.F.R. § 1.907.

Section 251 of the Communications Act grants the Commission jurisdiction over the North American Numbering Plan (“NANP”) and related telephone numbering issues. In order to better monitor the way numbering resources are used within the NANP and efficiently allocate NANP resources, the Commission requires telecommunications carriers to provide the Commission with a utilization report of their current inventory of telephone numbers and a five-year forecast of their numbering resource requirements.<sup>4</sup> LNP data are collected by the LNP Administrator and provided to the Commission.

The Commission has recognized that disaggregated, carrier-specific forecast and utilization data should be treated as confidential and should be exempt from public disclosure under 5 U.S.C. § 552(b)(4).<sup>5</sup> The NRUF and LNP reports are being placed into the record subject to the provisions of an NRUF Protective Order. As such, the NRUF data will not be available to the public except pursuant to the terms of the NRUF Protective Order, as outlined below.

Persons seeking to review the NRUF or LNP data may do so only for purposes of participating in this proceeding. Pursuant to the NRUF Protective Order, outside persons participating or intending to participate in the proceeding who are not involved in competitive decision-making activities and who have signed the Acknowledgement of Confidentiality attached to the NRUF Protective Order may review the NRUF and LNP data. We emphasize that persons seeking to review the NRUF or LNP data must have adequate protections in place to prevent improper use or disclosure of the information.

Affected parties have until January 15, 2010, to oppose disclosure of their NRUF and LNP data. In addition, affected parties will have five business days after the filing of an Acknowledgement of Confidentiality to object to the release of the data to a particular person who requests permission to review it.

If the Commission receives no opposition from affected parties by January 15, 2010, the Commission will place the NRUF and LNP data into the public record subject to the safeguards contained in the NRUF Protective Order. If disclosure is opposed, the procedures set forth in 47 C.F.R. § 0.461(i) shall apply. All filings should refer to WT Docket No. 09-121.

Under the Commission’s current procedures for the submission of filings and other documents,<sup>6</sup> submissions in this matter may be filed electronically (*i.e.*, through ECFS) or by hand delivery to the Commission.

- **If filed by ECFS,**<sup>7</sup> comments shall be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket number. Parties may also submit an electronic comment by Internet e-mail. Parties are reminded that unredacted comments and other material containing confidential information may not be filed electronically.
